RULES AND REGULATIONS

EXHIBITORS ARE REQUESTED TO FAMILIARIZE THEMSELVES WITH ALL THE RULES OF THE FAIR APPLICABLE TO THEIR EXHIBITS.

VIOLATION OF RULES

Any person who violates any of the following or special rules will forfeit all privileges and premiums and be subject to such penalty as the governing Board may order.

INTERPRETATION OF RULES

1. The Hardin County Agricultural Society reserves to its Executive Board the final and absolute right to interpret these rules and regulations and arbitrarily settle and determine all matters, questions and differences in regard hereto, or otherwise arising out of, connected with or incident to the Fair.
2. The Fair Association will not be responsible for errors in this book, but should any occur, same will be interpreted by the Executive Board.

AMENDING RULES

1. The Hardin County Agricultural Society reserves the right to amend or add to these rules as the Executive Committee in its judgment may determine.

RIGHTS OF THE BOARD

1. The directors of the Hardin County Agricultural Society reserve the right to cancel the fair or a portion of the fair and withdraw any or all premiums should any unforeseen circumstance occur, which in the judgment of the directors would make it advisable to do so. All premiums offered and contracts made are made with this understanding.
2. In the event of conflict in general and special rules, the latter will govern.
3. The Fair Association reserves the right to limit the number of entries if space thereof is unavailable. The Association will endeavor to arrange for space for all qualified exhibitors. However, if present accommodations are exhausted, the Association reserves the right to close entries at that time.
4. If, for any reason whatsoever, the general receipts of the Hardin County Agricultural Society are reduced or diminished to such an extent after all expenses are paid that all premiums cannot be paid in full, the said Society reserves the right to prorate premiums among the successful competitors.

LIABILITY RESPONSIBILITIES

1. The Hardin County Agricultural Society will use diligence to insure the safety of stock or articles entered for exhibition after their arrival and placement, but under no circumstances will it be responsible for any loss, injury or damage done, or arising from any animal or articles on exhibition, and the exhibitor shall indemnify the Hardin County Agricultural Society thereof against all legal or other proceedings in regard thereto.
2. It is understood that the Hardin County Agricultural Society will use every precaution in the management of the livestock exhibiting, races, entertainment, and in any other activities in the Fairgrounds. It is further understood that said Association will in no way be responsible for any damage resulting from such activities, or from injuries of any kind whatsoever to the exhibitor, exhibits or visitors attending the Fair.
3. The grounds and buildings will be under the protection of our day and night watchmen.
4. Individuals should check their own insurance policies regarding off-farm liability.

ARTICLES ENTERED BY EXPRESS OR MAIL

Small articles entered may be sent by express or mailed to the secretary, but in no case will such packages be received or placed on exhibition until all charges are prepaid. Entries for exhibits intended to be sent either by express or mail should be made in ample time before the closing date to enable the clerks to record entries and mail entry tags to exhibitors, which tags must be securely attached each and every article or sample before being placed inside the package. Exhibitors should at the time of making entries, indicate how and by what express companies, articles will be sent and whether they desire same to be returned. The Fair Association will in no case assume or pay for transportation charges on livestock or articles sent for exhibit.

FIRMS OR CORPORATIONS

Exhibitor's ticket will be made out in the name of the person or firm in whose name the entry is made and is not transferable. Should an exhibitor, firm or corporation enter an animal or article in any name other than that of a bona fide owner, or attempt to perpetuate a fraud in the misrepresenting of any factor in the exhibition of said animal or article, the entry thus made shall not be

allowed to compete for or receive any premiums, and said person or persons may, at the option of the Board, be barred from further showing, and any of the premiums previously awarded may be forfeited.

GROUND LEASES, SPACES AND BUILDINGS

All ground leases or space contracts, unless otherwise specified, will expire with the close of the Fair each year, and all temporarily buildings, frames, booths, etc., must be removed within 15 days after Fair closes, otherwise they will become the property of the Hardin County Agricultural Society. Space including stalls and pens assigned and not occupied by 9 p.m. of the first day of the Fair will be forfeited, as well as all fees previously paid. No persons shall be permitted to distribute advertising matter upon the grounds except from their places of business or exhibit.

REFRESHMENT STANDS, LUNCH BOOTHS AND OTHERS

All refreshment stands, lunch booths or other stands must be substantial in structure and neat in appearance. They must be supplied with and sell only good, wholesome food and pure, honest goods at a reasonable price. Such price is to be in a conspicuous place and approved by the Fair management.

CONCESSIONS AND PRIVILEGES

The Hardin County Agricultural Society authorizes the letting of only such privileges or concessions as are required to supply the necessary wants of the people, or that may add to their comfort, convenience or pleasure, but under no circumstances will privileges of a questionable nature, or of a demoralizing tendency, be let or in any manner tolerated upon the grounds, or in the buildings; nor will any privileges be permitted where the business is conducted in other than a legitimate and tradeline manner.

The Hardin County Agricultural Society will use every precaution to guard against extortion in any form practiced upon the patrons of the Fair. The violation of this rule by any concessionaire will cause the forfeiture of any contract, money paid, or expulsion from the grounds as management may direct. Purchasers of privileges must keep their spaces in a sanitary condition by removing therefrom any filth, refuse and placing the same in the garbage can provided by the management where the sanitarian department employees may get to it with ease. Each concessionaire must confine himself to the space assigned. Failure to do so will submit him to forfeiture of his privilege, without reimbursement. Concessionaires and exhibitors must pay for electric current used and for connection for same. All current used for light power, etc., during the period of the Fair will be collected for by the secretary.

SUPERINTENDENTS

It is the duty of the superintendent to be on the grounds early in the morning of the first and each succeeding day of the Fair. They are to be ready to arrange the animals and articles entered for exhibition so as to exhibit to the best advantage to the spectators, as well as to the judges. The superintendent shall have complete charge of assigning stalls and pens. No pens will be considered taken until paid for. Each superintendent will give instructions to the awarding judge before latter enters upon his or her duties. It shall be the duty of each superintendent at the close of the Fair to make a detailed report to the secretary of the expenses incurred by him/her in his/her department.

JUDGES

No person who is an exhibitor can act as judge in a class or lot in which he or she is showing. The judges are required to read carefully the general rules and all special rules under the head of the department or class in which they are to serve, and especially note and mark those rules bearing on the classes to be adjudicated by them. Ignorance of rules is inexcusable with a judge. Judges may withhold First Premium, if, in their judgment the best exhibit in the class is not worthy of a prize. It is a goal of the Fair Association to encourage exhibitors to attain increasing excellence in the development of their exhibits. Therefore, a judge may only award ribbons that are earned or if warranted, none at all. For example, if the highest quality in a class is third premium, that is what the judge awards. First and second premium, then, would not be given. The judges and persons acting as clerk to the judge must use special care, after award has been made, to see that the same is properly entered in the Award Book, for it is upon this entry that awards are made. Fill in awards as required upon the forms used.

The Hardin County Agricultural Society (Fair Board) will not be liable for any errors made by clerks in placing exhibitors' numbers receiving awards in judges' books. All premiums will be paid as shown in the books. The judges and superintendent of the department must sign the Award Book at the close of each class, immediately after all awards in said class have been made, before delivering to the secretary.

UNWORTHY EXHIBITS

Judges must not award prizes to an unworthy exhibit. It is the intention of the Association that no premium or distinction of any kind shall be given any animal or article that is not deserving. This rule must be strictly adhered to whether there be competition or not.

METHOD OF AWARDING

1. No premium will be awarded to any entry that has not been properly entered or classified.
2. Entry fees will be used to pay premiums.
3. Questions by a judge concerning the regularity of an entry or the right of any animal or article to compete in any lot shall be reported to the superintendent in charge for a ruling.
4. The superintendents must observe and enforce all rules governing exhibits in their departments.
5. When the meaning or application of a rule is challenged or is in doubt, the superintendent in charge shall interpret the rule or its application. This ruling is to be recorded in writing along with a description of the challenge. Submit this information to the fair office when Award Books are returned to the fair office.
6. The cost of re-issuance of a premium check will be charged to the exhibitor.

DECISION OF THE JUDGES FINAL

The decision of the judge shall be final in all cases, except where mistakes, fraud, misrepresentation, or collusion not discovered at the time of the award is apparent. In such cases, the case may be appealed to the Executive Committee, from whose decision there can be no appeal. The decision of the official veterinarian and judge as to the soundness of an animal shall be final.

PROTEST

When a protest is made as to the eligibility of an animal or article to compete in any class, it must be made in writing, signed and filed with the secretary before noon of the day following the one on which the class was shown, accompanied by a \$50 cash deposit. The deposit will be forfeited if the protest is not sustained. All expenses of proof must be paid by the party filing the protest.

APPEALS

No complaint or appeal based upon the statement that the judge or judges are incompetent, or have overlooked an animal or article, will be considered by the management. The right of an exhibitor to appeal from the decision of a judge to the Fair Association will lie only when it is charged that the award has been made in violation of the rules governing the exhibit, or when it is charged with the decision of the judge has been influenced or interfered with by another. Appeals from the decision of a judge or superintendent in charge must be made in writing and must contain specific charges, stating at length the facts relied upon, or the rule violated, and naming the witnesses and their addresses by whom proof is to be made. A question of dispute or differences not provided for under those rules shall be referred to the Executive Committee, whose decision shall be final.

PREMIUMS AND AWARDS

1. Competition for premiums in Open Classes is open to the State of Iowa unless otherwise stated.
2. All premiums will be prorated and will be paid based only on official show results.
3. Special prizes will not be given for classes that do not conform to the regular classification of the department in which they belong, unless satisfactory to the secretary and superintendent of the department in which they are offered.

4-H Wardrobe & Clothing Events

General Overview

1. Each youth may only participate in the 4-H Awardrobe Clothing Event with only one entry per year. Participants may be selected to participate in any one of the four classes, even if they participated in that class in previous years.
2. Each county may send the following number of participants in each class to represent their county, selected from each of the county's events:
 - a. Fashion Revue Class: Four participants total with no more than two (2) participants with an entry in any given category (athletic wear, formal wear, everyday wear, costume).
 - b. \$20 Challenge Class: Four participants total with no more than two (2) participants with an entry in any given category (athletic wear, formal wear, everyday wear, costume).
 - c. Clothing Selection Class: Four participants total with no more than two (2) participants with an entry in any given category (athletic wear, formal wear, everyday wear, costume).
 - d. Innovative Design Class: Four participants total with no more than two (2) participants with an entry in any given category (athletic wear, formal wear, everyday wear, costume).
3. The categories in each class are simply for entry limit purposes. All entries in each class will be judged together.
4. Participants must be in the senior 4-H designated level (completed grades 9 – 12 the same year as the event).
5. Outfits or accessories which will be worn during the State 4-H Awardrobe Clothing Event may not be entered as another 4-H Iowa State Fair exhibit.
6. Participants must bring the garment or outfit they purchased or created, and accessories, to the State 4-H Awardrobe Clothing Event.
7. Participants should submit only the materials requested for each class (report form and photo – for ALL classes - plus a receipt for \$20 challenge). If additional materials are sent with the entry or brought to the conference judging, they will not be considered. Pages added to the report form will not be considered.
8. Participant report forms must be uploaded by county staff no later than July 31. Participants should abide by county deadlines for submitting paperwork for entry. Report form responses may be in an alternate format or handwritten if preferred by the participant.
9. Requests for class or group time changes will be honored as availability allows through July 31. Requests made after July 31 cannot be accommodated due to our printing deadlines.
10. A \$30 registration fee is required for each participant entry. Counties will be billed following the Iowa State Fair.
11. All participants must participate in all Awardrobe Clothing Event activities at the times scheduled for their county unless the 4-H member is involved in another Iowa State Fair 4-H activity at the same time with a non-flexible schedule. Pre-approval is required prior to July 31. Participants must attend the runway show to be eligible for awards.

Special Criteria Related to Event Participation

12100 Fashion Revue

1. The purpose of this class is to encourage the construction of a personal garment or outfit.
2. Consideration is given to fit, color, style, suitability, quality of construction, stage presentation, and required care.
3. Youth participants will model a garment or outfit they constructed, hand-knitted, machine-knitted, or crocheted during the current 4-H year.
4. A garment or outfit consists of one to three pieces such as, but not limited to, party clothes, tailored suits, vest, slacks, shirt, skirt, active sportswear, and/or coats.
5. Blouses, shirts, and sweaters are usually considered garments. If they are used to complete an outfit, they may be constructed or selected.
6. All other accessories and undergarments may be constructed or selected.

12200 Clothing Selection

1. The purpose of this class is to select and/or purchase an outfit that represents the 4-H member's goal or intended use for the selected outfit.
2. Judging is based on fit, color, style, suitability, quality and construction features, stage presentation, required care, and cost comparison.
3. There is no consideration in the judging on the amount spent, only in the process of record keeping and reflection on the cost of the individual items as a part of the process.
4. Outfits may be purchased at a department store, boutique, online store, sidewalk sales, retail shops, or mall stores. Outfits may also be purchased at garage sales or other secondhand venues at any price point. Outfits may be gifts, hand-me-downs, relative or friend's modern or vintage clothing, or existing personal clothing, as long as the 4-H member selected the item as part of this specific outfit for the stated purpose.
5. Home-sewn clothing that was not sewn specifically for the participant are acceptable, such as purchases from a used clothing store.

12300 The \$20 Challenge

1. This class is designed to expand the 4-H member's shopping experience to shopping venues emphasizing recycling, reducing, and reusing. Outfits must be purchased at a garage sale, consignment store, thrift store, secondhand store, or similar place.
2. Online venues are allowed and must be second-hand in nature. Shipping and handling are not included in the total calculations.
3. Traditional shopping venues may not be used, regardless of a low regular or sale price. Hand-me-downs or clothing as gifts do not qualify for this class.
4. Twenty dollars is the purchase price limit including tax. However, some secondhand stores and venues do not typically charge sales tax.
5. Receipt(s) for every item included as a part of the calculated total must be submitted with the entry. A garage sale receipt can be a piece of paper with the name of the location such as "Jane Doe garage sale", date, amount paid, and signature of person selling at the garage sale. If the outfit was free at a garage sale, "free" can be listed on the report form and on the receipt. Failure to provide receipts will be reflected in the evaluation.
6. An outfit consists of major clothing pieces such as a shirt, sweater, jacket, and pants and/or a dress. Shoes, undergarments, and accessories are not included in the \$20 purchase price limit.
7. Alterations are permitted to achieve a desired look or fit.
8. There are no additional considerations for an outfit that totals less than \$20.

9. The outfit pieces should be purchased to meet the 4-H member's goal or intended use for the purchased outfit, and the 4-H member should have had an experience in choosing shopping alternatives, evaluating fit, quality and construction features, price, and cost comparison.

12400 Innovative Design

1. The purpose of this class is to encourage creativity and out-of-the-box thinking when creating an outfit.
2. These designs can be theatrical costumes, cosplay, wearable technology, sustainable/upcycled fashion, accessible fashion, and/or outfits that use unconventional materials.
3. The outfit must be showcased as a worn garment modeled by the exhibitor or by the individual that it was designed for.
4. Exhibitors may make their garment entirely, or permanently alter the silhouette of pre-existing materials through some method of permanent alteration or addition.
5. Consideration is given to originality and innovation.
